IV. Guest Speakers: Climate Financial Risk & Wildfire Insurance Data: Mabel Guzman, Chair & Cyndee Haydon, Vice Chair

a) Howard Kunst, Chief Actuary, CoreLogic

Howard Kunst holds the position of Chief Actuary at CoreLogic. He works on the science and analytics team, and he provides a variety of analytical services to the insurance industry and

other clients. He also provides market and industry insights in support of product development, sales, marketing and thought leadership.

Prior to CoreLogic, Kunst held a full range of actuarial roles with increasing responsibilities across multiple companies, including Renaissance Re, GE Capital, Zurich Insurance and more. He earned his bachelor's degree in mathematics from the University of Wisconsin, Stevens Point.

b) Howard Botts, Chief Scientist, CoreLogic

With more than 30 years' experience in GIS, Howard is a recognized expert in developing natural hazard risk solutions and his work has been published extensively. He frequently presents to business and professional organizations on a variety of topics, including hazard database development, understanding portfolio natural hazard risk, market potential models and geographically-based market analysis.

V. Committee Work Group Updates:

a) David McKey, Chair, Federal Disaster Policy Work Group

b) Steven Fischer, Chair, Climate Financial Risk Work Group
